Her Majesty the Queen

1926 – 2022

It is with the greatest sadness that we note the news of the death of Her Majesty the Queen.

Her Majesty personified so many of the best human values; she dedicated her life to the service of her country and tirelessly supported so many charitable organisations undertaking important work.

We are grateful for all she has done to promote a sense of shared humanity and purpose and to unite people in common endeavours. She will be greatly missed.
