Chair's introduction

I am delighted to introduce the Annual Report of the Trustees for the financial year to 5 April 2026. It is exciting to report that the Foundation has made donations this year of almost £152 million, another record figure.

Since we started 68 years ago, we have doubled our donations every five to six years, a growth trajectory we are proud of. This year's donations take the Foundation's total to nearly £1.9 billion since it was established by my grandfather in 1958.

We are steadfastly here for the long-term, supported as we are by our permanent endowment which is largely comprised of our 47.5% indirect shareholding in Associated British Foods plc. We strongly hold the view that the model of business ownership that underpins our endowment is a force for good, though we appreciate there are other excellent models that are different to ours.

This model of business ownership established by our grandfather was very deliberate in its intention to build for the long-term and it was created with a strong sense of personal responsibility and community, which we still value. The Trustees work hard to build on his vision in the work we do today, and we believe he would have been pleased with how his foresight has borne fruit.

We respect the skill and hard work of the businesses that generated the Foundation's record cash income in the year of over £191 million, in the same way we admire and respect the talented people across the country in the charitable sector. Our aim is to enable those with the best understanding of society's needs to tell us their plans and objectives so that we can listen and work with them in a flexible way.

We don't believe in imposing our point of view on others but in being responsive to those with excellent ideas and plans. This deliberate and pragmatic strategy enables us to be agile and to ensure that our income is spent on good work and not on supporting a cumbersome infrastructure.

Our job as Trustees and stewards is to remain engaged and up to date, to ensure the Foundation continues to support good work and people, and to scan the horizon to ensure we can respond and adapt to changes in society's needs.

I and my fellow Trustees extend our sincere thanks to our Director, Clare Gough, and her team for their hard work over the previous year and their forward-thinking, flexible and sensitive approach. We are also thankful for the thousands of charities we have the privilege to work with and we greatly appreciate what they do.

Sir Guy H Weston
Chair of the Trustees

14 September 2026

Trustees' report

Accounting policies

The financial statements have been prepared in accordance with applicable UK accounting standards, including FRS 102, and with the Charities Statement of Recommended Practice (FRS 102) Second Edition (October 2019), applicable to accounting periods beginning on or after 1 January 2019.

Structure, governance and management

Structure

The operation of the Foundation is governed by a Trust Deed dated 10 October 1958.

Under the terms of the Trust Deed, the investment in the Wittington Investments Limited group of companies – including its majority shareholding in Associated British Foods plc (ABF) – forms the permanent capital endowment of the Foundation and the Trustees may not dispose of that investment except by a unanimous vote of all the Trustees.

At 5 April 2026, the Foundation owned 79.2% of Wittington Investments Limited, a company registered in England. Wittington Investments is the ultimate holding company of Associated British Foods plc, which is listed on the London Stock Exchange. Via its shareholding in Wittington Investments Limited, the Foundation owns 47.5% of ABF; as required by UK Listing Rules, this shareholding is subject to a Relationship Agreement entered into by the trustees of the Foundation, Wittington and ABF. Other subsidiaries of Wittington Investments Limited include Fortnum and Mason plc and Heal's plc.

Governance and management

In accordance with the Trust Deed, after the death of Mr W Garfield Weston and his wife, their descendants became Trustees. The number of Trustees is limited to ten but must be at least five. If the number of Trustees drops below five, new Trustees fall to be appointed from among the lineal descendants of W Garfield Weston.

Being family members, incoming Trustees are aware of the aims and objectives of the Foundation and the manner in which the Trustees carry out their responsibilities. Nearly all of the Trustees are on the board of other charitable entities either in the UK, the United States or Canada. The Foundation is a member of the Foundations Forum and the Association of Charitable Foundations and the Trustees receive charity sector updates from both their Secretary, a practising lawyer with expertise in the charity sector, and from their auditors UHY Hacker Young. This ensures that the Trustees are well placed to keep up to date with developments in charity practice and regulations.

The Trustees are directly responsible for the management of the Foundation and hold regular meetings in order to consider grant applications for £100,000 or more and to ratify smaller grants which have been awarded since their previous meeting. Additional meetings are scheduled as required to deal with any time-sensitive funding requests. The initial processing of grant applications is dealt with by an experienced team and every funding decision is made by at least one of the Trustees. The Trustees also actively participate in meetings with, and visits to, applicants. The Trustees hold an annual meeting in order to review and approve the Annual Report and Accounts and to carry out a formal annual review of performance against the Foundation's aims, objectives and policies as well as the performance of its investments over the year.

Risk management and policies

The Trustees are satisfied that appropriate policies, protection, systems and checks remain in place in order to mitigate exposure to major risks and to ensure that the Foundation operates in accordance with ethical and environmental guidelines and

protections. The Director and Secretary regularly review the Foundation's risk register; the risk register is reviewed with the Trustees at their Annual Meeting. The principal risks include: breaches of IT security; breaches of financial controls; fraudulent applications; investment performance; conflicts of interest; and reputational risks relating to the Foundation's relationship with the underlying trading activities of companies held through Wittington Investments Limited. Key controls have been identified for each principal risk area as follows:

Investment performance The Trustees regularly review the performance of the underlying assets and their shareholding in the Wittington Investments Limited group and receive reports directly from those who are managing the businesses. The non-Wittington investments are also managed in accordance with an investment policy which seeks to achieve an appropriate balance of risk and return.

Breaches of IT security The IT system and security measures, including authorised signatories, are regularly updated and reviewed and all grant applicants are screened by a skilled grants administration team.

Breaches of financial controls Bank mandates specifying authorised signatories, segregation of duties and financial limits are regularly reviewed and maintained.

Fraudulent applications Registered charity status, financial statements and bank statements are independently validated for all grants awarded prior to any transfer of funds.

Conflicts of interest The Trustees maintain a documented Conflict of Interest policy which encompasses both their grant-making decisions and (where relevant) their roles as directors of Wittington group companies.

Reputation Members of the Trustee board are directors of Wittington group companies, enabling them to be fully apprised of events which might give rise to reputational risk.

Ethical and environment The Trustees have oversight of the ethical and environmental practices of the Wittington group companies as well as those of their independent investment managers. In relation to its staff secondees, the Foundation adheres to the policies of Wittington Investments Limited and Associated British Foods with respect to the Modern Slavery Act and corporate responsibility. For more details see www.wittington-investments.co.uk/wp-content/uploads/ModernSlaveryHumanTraffickingStatement2023.pdf

www.abf.co.uk/content/dam/abf/corporate/Documents/About-us/governance/policies/associated-british-foods-modern-slavery-statement-2025.pdf

Equity, Diversity and Inclusion Addressing disadvantages and 'levelling the playing field' for all has been a central theme of the Foundation for over six decades as the Foundation values diversity in its widest sense. The Foundation aims to be accessible, transparent and straightforward in its approach to grant-making and actively supports charities which in turn support diverse groups and communities, including those suffering discrimination in all its forms.

Safeguarding The Trustees have a safeguarding policy which is aimed at protecting their own staff secondees as well as vulnerable beneficiaries. The Trustees also require grant applicants to confirm that they have appropriate safeguarding policies in place to protect their staff, volunteers and beneficiaries.

Income and grant-making aims and objectives

The Trust Deed contains broad charitable objects which allow the Trustees, at their discretion, to pay or apply the income and

(subject to certain restrictions) the expendable capital of the Trust Fund to, or for, the benefit of any charitable bodies, trusts, associations, institutions or organisations.

Total cash income for the year rose to just over £191 million (2025: £155 million). The Trustees have once again been able to draw on this increase in income to make total grants and social investments of just under £152 million in support of 2,323 appeals (2025: £140 million in support of 2,967 appeals). The total outstanding forward commitments at the end of the financial year were £118 million as compared with £84 million in 2025. Commitments consist of future payments of £35 million (2025: £51 million) due to charities under existing multi-year grant arrangements, and pledges of just under £83 million (2025: £33 million) that require charities to fulfil specific prerequisite obligations.

The Trustees were pleased to be able to make some substantial pledges including £10 million to Royal Botanic Gardens, Kew for the restoration of the Victorian Palm House and related programming, £5 million to the John Innes Centre in Norwich towards its Healthy Plants, Healthy People, Healthy Planet project, and £5 million to the Tower of London[1] to develop the Tower Learning & Community Centre as part of a wider project to improve learning experiences for school groups visiting the Tower. The Trustees were pleased to continue to support charities' core costs which can be challenging for them to raise, and to support vital frontline charities that are supporting communities across the UK. See the Director's Report and full list of grants made for more details.

Grant-making policy

The Foundation continues only to accept applications from UK registered charities. No applications from individuals are considered and the Trustees do not typically fund projects outside the UK, nor do they fund animal welfare charities, unless for the purpose of supporting a specific environmental project or where to do so assists with other charitable purposes, such as providing assistance for those with disabilities.

The Trustees' aim is to keep the application process as simple and streamlined as possible. Step-by-step guidelines as to how to make a grant application (more than 98% of which are now submitted online), together with helpful details of the criteria which are taken into consideration when assessing applications and the information which should be submitted with an application, are available on the Foundation's website www.garfieldweston.org

These guidelines are also published in Welsh (although applications from Welsh charities must still be made in English). All applications are considered on an individual basis; the Trustees do not consider funding requests made within a minimum of 12 months of the outcome of a previous application but, in relation to funding for core and project costs, they will consider providing funds to be spread over a period of years. Where possible, and for all Major Grants[2], visits and/or meetings are made by Trustees and/or the Director or one of the other members of the Foundation's grants team in order to gain a better understanding of applicants' requirements. Regular contact is maintained with recipients of grants for monitoring purposes, while also taking care to minimise the reporting burden on the recipient charities.

In order to provide further transparency in the grant-making process, the Foundation publishes its grants through 360Giving. It also commissions independent reviews of grant-giving initiatives in order to assess their effectiveness and to improve the experience for both successful and unsuccessful applicants. These findings are published and shared openly and made accessible on the website.

1 Grant made to Tower of London's parent group body Historic Royal Palaces

2 Major Grants are those of £100,000 or more

Public benefit

The Trustees have complied with section 2(1)(b) of the Charities Act 2011, having due regard to the Charity Commission's guidance on public benefit when reviewing the Foundation's aims and objectives, when setting the grant-making policy and in making awards.

Achievements and performance

Wittington Investments Limited has managed to increase its dividend payments to the Foundation so that the Foundation has been able to provide funding of just under £152 million across a broad range of charitable purposes at a time when the sector, and those whom it supports, continue to be in need.

Some of the valuable charities and projects which have been funded by the Foundation are described in more detail in the Director's Report from page 11.

Investment performance

The Trustees are satisfied with the performance of the Foundation's financial investments.

The Trustees are satisfied that the investment structure represented by the Wittington group of companies (which was contributed by Garfield W Weston to the Foundation in 1958) remains a sustainable long-term model, particularly in terms of providing a regular and reliable income stream to enable the Foundation to fulfil its charitable purposes.

The value of the Wittington group of companies (which is heavily influenced by the share price of Associated British Foods) continues to fluctuate in line with equity markets generally, but the Trustees remain confident that any such fluctuations will not have a lasting effect on the Foundation's ability to provide support to grant applicants.

As at 5 April 2026 the Rathbones portfolio was valued at £77.3 million (2025: £73.2 million). Five-year annualised returns to 31 March 2026 (net of fees) of 3.2% per annum were below the portfolio return target of CPI plus 4% (9.2%), but the Trustees recognise the challenges posed by this target over a prolonged period of inflation.

Moreover, the portfolio performed in line with the ARC (Asset Risk Consultants) Charity Steady Growth Index which returned 3.1% per annum over the same period. The annual income distributions to the Foundation from the Rathbones portfolio totalled £1.6 million (2025: £1.6 million).

The Oxford University Endowment Management (OUem) fund offers an alternative form of investment in a broad range of asset classes, focusing on real returns in excess of inflation and therefore fits well with the Trustees' target return for investments. As at 5 April 2026 the Foundation's investment in the fund was valued at £35.7 million (2025: £27.1 million). Five-year annualised returns for the fund to 31 March 2026 (net of fees) of 5.9% per annum were also below the portfolio return target of CPI plus 4% (9.2%).

During the year the Foundation fully redeemed its investment in the Savills' Charities Property Fund (2025: £5.78 million) and re-invested the proceeds in the OUem fund.

The Trustees are satisfied with the performance of the Foundation's social impact investments. As at 5 April 2026 its investment in Social and Sustainable Capital Trust was valued at £20 million (2025: £20 million), with 2,984 vulnerable tenants housed to date in 606 properties purchased by 28 borrower charities.

Further analysis of the financial and social impact investment assets can be found in Note 9 to the Financial Statements.

A copy of Wittington Investments Limited's accounts for the year to 13 September 2025 can be obtained from Companies House.

Financial review

In accordance with the required accounting policy, grants are recognised in the statement of financial activities when approved by the Trustees and communicated to the recipients, irrespective of the future period over which payments are to be made, and the obligations outstanding at the year-end are recognised as creditors.

Costs

These continue to be very low in relation to the levels of income and donations made and are kept under review by the Director and Trustees to ensure they remain lean as a proportion of grant expenditure.

Reserves

The Trustees' policy is to maintain reserves of approximately 50% of the Foundation's annual income bearing in mind the general timing of income receipts, their general pattern of giving and the current economic climate. At £112.2 million (2025: £70.1 million), total income reserves at the end of the year represented 58% of the Foundation's income in the year. Whilst this is above the Trustees' 50% policy, it reflects the £34 million year-on-year growth in value of forward commitments at the end of the financial year and is expected to decline to below 50% as these commitments fall due.

Investment objectives

The Trustees' investment objectives in relation to their non-Wittington group assets as set out in the policy statement are to preserve the 'real' (i.e. inflation-adjusted) value of its financial investments. This involves adopting a relatively conservative investment strategy, investing in a balanced portfolio without geographical, currency or sector restriction, subject to the terms of a Charity Commission Order dated 19 September 2001. The primary benchmark for investment performance remains at CPI plus 4% over a rolling three-year period, although comparison is also made on an annual basis with the ARC (Asset Risk Consultants) Charity Steady Growth Index.

The Trustees are satisfied that the two financial investment managers have suitable policies in place regarding their stock selection to ensure that this complies with the latest ESG practices and they continue to keep this under review. The Trustees' principal financial investment, namely Associated British Foods plc, is a highly diversified global company with an extensive and practical approach to responsible business. The Trustees have a direct line of sight into this business, making the Foundation's approach to responsible investment more transparent and with a higher degree of clarity than other models might afford.

The Trustees' financial objectives in relation to their social impact investments are to preserve their 'nominal' (i.e. non-inflation-adjusted) value in order to allow the capital to be redeployed once the social impact is achieved. This involves a strategy of investing alongside foundations with similar financial objectives; of selecting investments which have direct line of sight to social impact; and of mitigating the transfer of risk to borrowers by ensuring that the investments are secured against tangible assets.

Plans for future periods

Inflation continues to have a significant impact on all areas of the sector, but with particular significance for charities which support the most vulnerable in our society as well as for those undertaking capital projects. The Foundation will continue to do its best to react to the changing needs of the charitable sector and to provide support where it is most needed and can be utilised most effectively to make a difference.

The Trustees will continue to maintain their ability to respond promptly and effectively to the requests in support of a broad range of charitable causes, relying upon the

consistent performance of the Foundation's endowment and upon prudent management of its income reserves.

Trustees' responsibilities for the financial statements

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently
- observe the methods and principles in the Charities SORP
- make judgements and estimates that are reasonable and prudent
- state whether applicable accounting standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the accounts on a going concern basis unless it is inappropriate to presume that the charity will continue in business

The Trustees are responsible for keeping proper records which disclose with reasonable accuracy the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the Trust Deed. They are also responsible for safeguarding the charity's assets and hence taking reasonable steps for the prevention and detection of fraud and breaches of law and regulations.

The Trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Sir Guy H Weston
Chair of the Trustees

Sophia Weston, OBE
Deputy Chair of Trustees

14 September 2026

Director's report

This financial year, the Garfield Weston Foundation again delivered a record level of funding to charities of just under £152 million, an increase of 18% on the previous year, and bringing to nearly £1.9 billion the total amount donated by the Foundation since its creation in 1958. This substantial increase reflects the success of the Foundation's endowment model of business ownership in generating returns for the Foundation to distribute. Over the year grants have been made to a wide range of charities, large and small, delivering real impact in their communities the length and breadth of the United Kingdom.

Across this year the Foundation has particularly admired the dedication and resilience of our charity partners as they have navigated an increasingly demanding operating environment that has stretched organisations of every size. Charities are grappling with increasing costs coupled with strains on sources of earned income, having to increase fundraising to fill gaps left by tighter public spending, and all the while seeing demand for their services escalate. Within this context, the Foundation is pleased to be able to remain steadfast in our support for the sector, building on our history of 68 years of grant-making: we look forward to another year ahead when we will support charities making a positive difference in their communities, whether they are small and new to us or large national organisations we have worked with before.

This year's grants range from work to ensure children are equipped to be safe online, to a charity helping young people navigate their first steps into employment; from an environmental charity delivering nature conservation work with local volunteers, to the restoration of a historic miners' welfare hall to become a thriving community hub. We list in this report details of every single grant we have made. We can only feature in the coming pages case studies on a handful of these stories, but every single one of the 2,323 grants listed has a story just as worthy of telling.

To every charity we have funded this year we say a heartfelt thank you – we could not do our work without you and this report is as much a record of your work as it is of ours. Behind every grant in this report is a service provided, local people helped and a community made a little more resilient.

I would also like to thank the team at the Foundation for their diligence in delivering these results: to the knowledgeable Trustees who apply their expertise to review every grant made, and to the dedicated and hardworking team of staff for their care with each application. This was my first full year at the Foundation, having joined in May 2025, and it has been a privilege to see at first hand the scale of the impact of the Foundation's funding. The challenges we see in the sector continue into this coming year and I look forward to working with the team to support yet more charities with their valuable work.

Clare Gough
Director

Storybook Dads

> Garfield Weston Foundation's support is helping us to support thousands of children each year, helping to reduce the emotional impact of separation while encouraging positive family relationships and rehabilitation. The grant is also enabling us to modernise our service through our new digital platform, making it easier for families across the UK to access these treasured stories.
>
> Sharon Berry OBE, Founder & CEO

Storybook Dads

It's estimated that 250,000 children in the UK each year have a parent in prison. Keeping in contact with family can be challenging – a prisoner may be in a prison many miles, and an expensive journey, away from home – yet prisoners who are able to maintain contact are up to six times less likely to reoffend.

Storybook Dads, and Storybook Mums, enables imprisoned parents to record personalised audio and video stories for their children. Support is available for prisoners with poor literacy skills, and the stories are edited to remove mistakes and include music and sound effects before the recording is sent to the children. These stories help show the children that they are loved and missed and enable their absent parent to have a positive impact on their children's wellbing and development. Working in 108 prisons across the UK, the charity sends over 3,700 stories to prisoners' children each year. The Trustees were pleased to award a core costs grant of £60,000 over 2 years to help children maintain better relationships with parents in prison.

Grounded Community

The Trustees have always supported grassroots charities that provide vital support to local people. Grounded Community works across some of the most socially and economically disadvantaged neighbourhoods in Bournemouth. The charity supports people experiencing food insecurity, poor mental health, social isolation and financial hardship, through projects that connect people with nature, food and each other.

Grounded Community's work includes food growing, beekeeping, and community gardening. In so doing it develops skills and delivers wellbeing activities. In the last year, the team supported 5,392 beneficiaries, coordinated more than 15,000 volunteer hours, redistributed over 65,000kg of surplus food and delivered 284 workshops and events. During a period of increasing demand and rising costs, the Trustees' core costs grant of £15,000 helped Grounded Community to continue building long-term community resilience.

> Garfield Weston Foundation's support has helped us do far more than deliver activities. It has enabled us to strengthen the foundations of our charity, support our volunteers and create lasting opportunities for people to connect, learn and thrive. Their investment in our work is ultimately an investment in the resilience and wellbeing of our whole community.
>
> Sharon Brinkman, Volunteer & Funding Coordinator

Grounded Community

Project 31

Project 31 works in Cambuslang and Rutherglen near Glasgow, aiming to improve physical and mental wellbeing, and to build family and community connections. The project welcomes all, but works particularly with children and families as well as older people, striving to remove barriers to participation by offering their activities and services free at the point of contact.

Through multiple activities particularly outdoors in their forest school and outdoor learning, Project 31 supports participants to build skills and confidence, helping them to develop and make positive changes both for themselves and their communities. The project also works in partnership with local schools and care homes, and provides volunteering opportunities to contribute to the maintenance and enhancement of local green spaces. The Trustees were pleased to award a core cost grant of £20,000 towards these impactful community activities.

> Support from Garfield Western has enabled us to sustain and build on our vital work ensuring we can meet the needs of our communities and be responsive to the people we work alongside. Our grant is helping us to impact the lives of people each day and has been integral to the organisation this year.
>
> Lorna Bamford, Project Manager

WOMEN'STEC

WOMEN'STEC is Northern Ireland's largest provider of training for women and girls in non-traditional skills. The charity's work aims to address the persistent inequalities facing women and girls in Northern Ireland, from high levels of economic inactivity and limited access to education, training and employment, to declining mental health, generational poverty and domestic violence.

Through practical skills training in areas such as construction, mechanics and IT, WOMEN'STEC aims to build confidence, independence and resilience, encouraging participants to broaden their horizons and consider careers in sectors where women are underrepresented. Last year, the charity supported 1,268 women and girls with skills development, employment and career support. Working in partnership with over 40 industry employers, WOMEN'STEC also provides site visits, apprenticeship and work placement opportunities. The Trustees' core cost grant of £70,000 will help ensure that these services can continue to be delivered.

We are immensely grateful to The Garfield Weston Foundation for recognising the importance of investing in the core costs that underpin our work. This support helps provide stability for WOMEN'STEC, enabling us to strengthen our delivery and continue responding to the needs of women and girls across Northern Ireland.

Helen Kerr, Head of Business Development

Rathlin Island, RSPB

Rathlin Island, RSPB

Rathlin Island is internationally renowned for breeding seabirds, including puffins and guillemots: it is home to Northern Ireland's largest seabird colony, drawing 20,000 visitors annually to the West Light Seabird Centre. The RSPB's Rathlin Acting for Tomorrow (LIFE Raft) project focuses on the protection of the colony from ferrets and brown rats, both of which are non-native to the island and were devastating the birds' breeding sites.

In March 2026, the community-based project declared Rathlin ferret free, a conservation world first, and is now moving towards achieving rat-free status. If successful, Rathlin will be one of the most populous islands in the world to be restored, making LIFE Raft's work significant not just for the local community, but for people restoring islands around the world. The Trustees were pleased to award a £100,000 grant towards the project's third phase to support this restoration.

> The grant from the Garfield Weston Foundation has been a huge support for this vital restoration project, helping the community protect its precious nature and promote the island as one of our best and most tranquil wildlife destinations.
>
> Katie-Jo Luxton, RSPB Global Conservation Executive Director

Shantona Women's & Family Services

Shantona Women's & Family Services has been serving Harehills community in Leeds for over 28 years, supporting women and families from some of the most deprived areas of the city. The charity's services include domestic and sexual violence support, early years and nursery, youth services, and mental health and wellbeing programmes. Each year, more than 2,500 local people receive support.

An ambitious project was launched in July 2025 to create Harehills Community Haven, a new multi-cultural community hub. The hub will act as a 'one stop shop', allowing service users to access multiple services under one roof, with expanded facilities including meeting rooms, a community café and kitchen facilities. The Trustees recognised the importance of this project in reaching even more women and families, and were delighted to award a grant of £250,000 towards the development and fit-out of the building.

> The Garfield Weston Foundation's grant is helping us turn a vision into reality. The Harehills Community Haven will be a place where women and families from across our diverse community can access support, build confidence, and thrive together – and this funding is making that possible.
>
> Nahid Rassool, CEO

John Innes Centre

The John Innes Centre is a world-leading research institute, applying plant and microbial science to address urgent global challenges, including climate change, food security, and antimicrobial resistance.

Healthy Plants, Healthy People, Healthy Planet, a joint project between the John Innes Centre and The Sainsbury Laboratory, will see both institutes brought together under one roof, creating a thriving community of more than 600 researchers. The project will strengthen the UK's expertise in plant and microbial science, and support the development of climate and disease resistant crops and developing strategies to address future challenges to crucial crops and biodiversity. This will have far-reaching benefits for agriculture, human health, and environmental sustainability. The Trustees were pleased to award a capital grant of £5 million towards this impactful work, building on the Foundation's longstanding partnership with both research institutes.

> We are deeply grateful to the Garfield Weston Foundation for this transformative investment. TP1 will be the beating heart of our institutes, enabling us to grow over a million plants each year, test crops under future climate scenarios, and accelerate discovery across plant and microbial science.
>
> Professor Cristóbal Uauy, Director

Forget-me-not Chorus

The Forget-me-not Chorus supports people living with and alongside dementia through community choirs. Offering in-person singing sessions in care home settings, alongside online sessions and a library of free pre-recorded singing sessions, the team of musicians reaches thousands of people.

> The Foundation's generous core funding is helping us strengthen and extend our work, enabling more families to experience the joy, confidence, and connection that shared song can bring. Together, we are showing what can be achieved on the dementia journey.
>
> Katherine Harri, Director (Development and Communications)

Everyone is welcomed as a singer, empowering them to use and share their voice, stimulating pride, building confidence and challenging stigma. The Chorus uses music as a tool for communication, connection and engagement in the present, not only as a means of reminiscence. Across their varied activities and projects they aim to challenge negative stereotypes and support lasting change in dementia care. The Trustees were delighted to award a grant of £20,000 to support the charity's core costs.

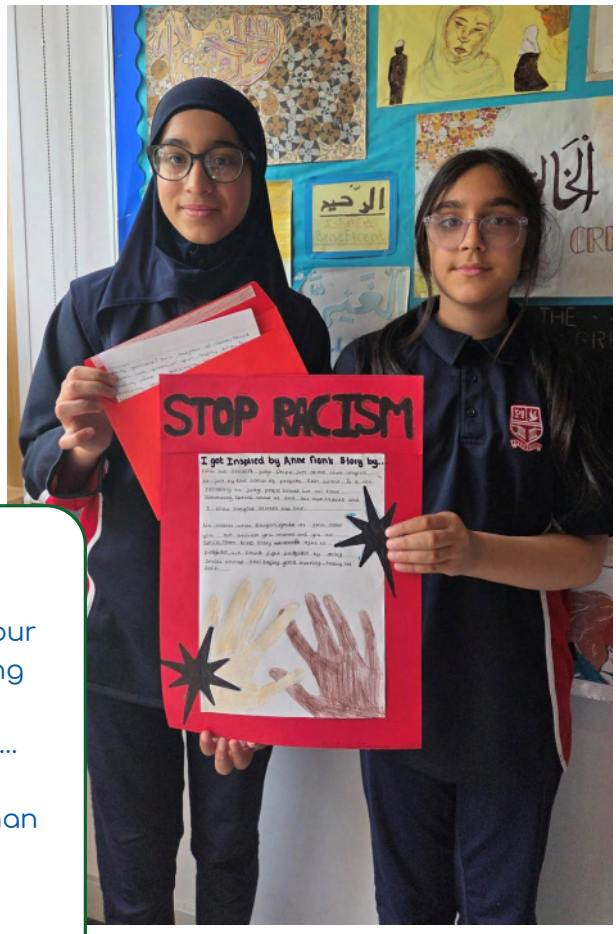

Forget-me-not Chorus

Anne Frank Trust UK

The Anne Frank Trust UK is an education charity that empowers young people across the UK to recognise and challenge all forms of prejudice.

The charity's programmes encourage young people to reflect on the consequences of hatred and equip them with the skills to challenge prejudice in their everyday lives and empathise with others who have different experiences to them. In 2025, over 132,000 young people were reached through interactive learning programmes, educational workshops and peer-led activities in schools and communities. Anne Frank Trust UK particularly seeks to reach disadvantaged young people, including those with lived experience of bullying and discrimination or living in areas with high levels of hate crime or social and economic deprivation. The Trustees' core cost grant of £50,000 enabled the charity to expand its essential anti-prejudice education programmes across the UK.

> Thanks to the Garfield Weston Foundation's generous support we've been able to expand our education programmes and ensure more young people are equipped with the empathy and confidence to stand up to hate in all its forms … At a time when division and hostility feel increasingly visible, this work is more urgent than ever. We are deeply grateful to the Garfield Weston Foundation for making this work possible.
>
> Dan Green, Chief Executive

Derby City Mission

Founded in 1989, Derby City Mission is a Christian welfare charity working with the city's most vulnerable people, offering support and relief to those experiencing homelessness, deep poverty, food insecurity, debt or sudden crisis.

The award-winning team of over 200 volunteers deliver a wide range of projects, from a debt advice clinic to My Space, a project that supports ex-offenders find secure housing. They provide a café and shop, and their weekly community dinner feeds thousands of people each year. Derby City Mission also operate two facilities that offer temporary accommodation and vital support for people experiencing homelessness, supporting their guests toward regaining stability and self-sufficiency. The Trustees' core cost grant of £70,000 will help the Mission achieve its aim of always being there for everyone who needs help.

We are so grateful for Garfield Weston's unwavering support in providing funding that helps us to continue making a huge impact locally. The grant we received has been critical to our ability to meet this demand and allowed us to plan well and respond to emerging needs over the coming year.

Elle Warrener-Davis, Managing Director

Theatr Clwyd

An example of a grant that was completed in the previous financial year

In June 2025, Theatr Clwyd in Flintshire, North Wales, reopened its doors, unveiling a transformational £50 million redevelopment. The project secured the future of Wales' largest producing theatre, which includes the new Theatr Weston, a flagship performance space at the heart of the building.

The project began in 2016 and is one of the few major cultural capital redevelopments of its scale outside London. It transformed a Grade II-listed, gas-dependent building with outdated facilities and in need of urgent structural repairs, into an accessible and financially resilient cultural centre. Responding to the climate emergency and with a commitment to achieve carbon net zero, the theatre is now fossil-fuel free and includes other sustainable features such as green roofs and walls, and a rainwater collection system used to flush toilets. A new café and restaurant, focusing on seasonal, sustainable local produce, are open to the whole community.

The redevelopment has strengthened the theatre's important work with communities, young people and health partners and ensures the organisation can continue delivering lasting impact for generations to come. Theatr Clwyd have set themselves ambitious audience targets and community response on opening was very positive. The Trustees were delighted to award a pledge of £500,000 in 2021 towards this important and necessary project, with the final payment being made in 2024.

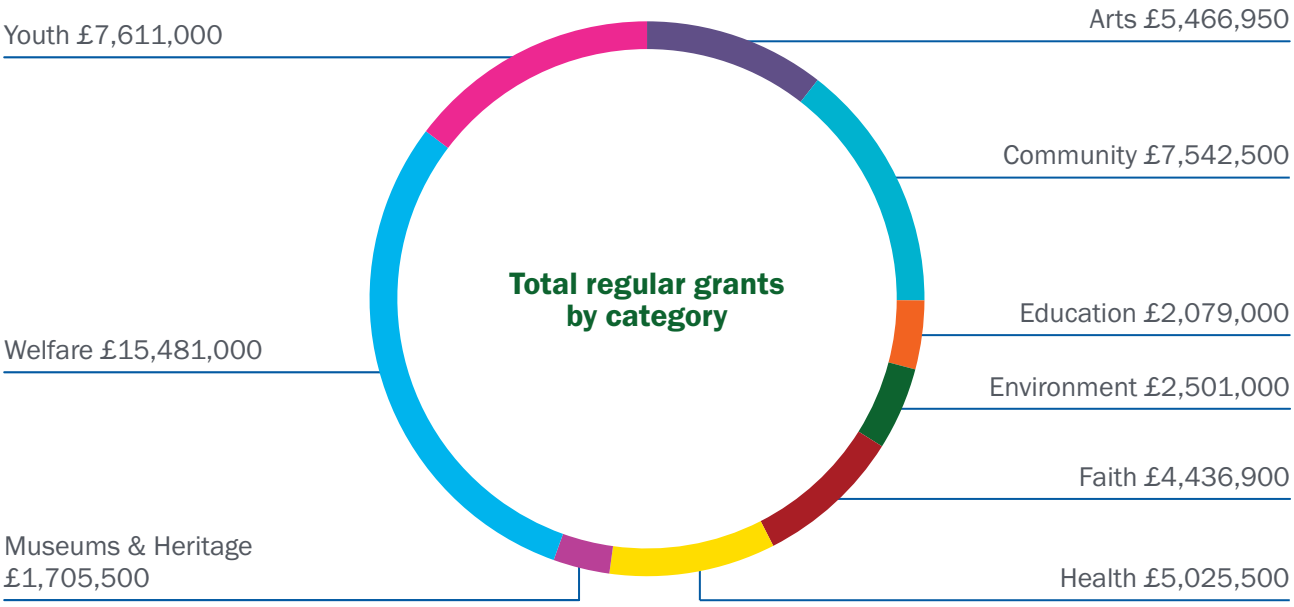

> Theatr Weston represents what this redevelopment is all about: creating an accessible, sustainable and inspiring home for artists, audiences and communities, made possible through the Garfield Weston Foundation's extraordinary support.
>

Independent auditors' report to the Trustees of the Garfield Weston Foundation

Opinion

We have audited the financial statements of Garfield Weston Foundation (the charity) for the year ended 5 April 2026 which comprise the statement of financial activites, the Balance Sheet, the Cashflow Statement and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 5 April 2026 and of its incoming resources and application of resources for the year then ended
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice
- have been prepared in accordance with the requirements of the Charities Act 2011

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISA (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statement is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The Trustees are responsible for the other information contained within the financial statements. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charity and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' report. We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us
- the financial statements are not in agreement with the accounting records and returns
- certain disclosures of Trustees' remuneration specified by law are not made
- we have not received all the information and explanations we require for our audit

Responsibilities of Trustees

As explained more fully in the Trustees' responsibilities statement set out on page 10, the Trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditor under section 151 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Details of the extent to which the audit was considered capable of detecting irregularities, including fraud and non-compliance with laws and regulations are set out below.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Based on our understanding of the charity and the industry in which it operates, we identified that the principal risks of non-compliance with laws and regulations related to the acts by the charity, which were contrary to applicable laws and regulations including fraud, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the preparation of the financial statements such as the Charities Act 2011.

We evaluated management's incentives and opportunities for manipulation of the financial statements (including the risk of override of controls), and determined that the principal risk related to the valuation of the unquoted investment in Wittington Investments Limited (Wittington) of which the Foundation owns 683,073 50p ordinary shares (79.2%).

The valuation of Wittington requires significant estimation as it is an unquoted company and there is no readily identifiable market price for its shares. Accordingly, the value of the Foundation's investment has been assessed by the Trustees on the basis of the share of the value of the underling net assets of Wittington attributable to the Foundation's holding as at 5 April 2026. As Wittington's financial statements are audited as at 13 September 2025, there is a varying degree of estimation required to assess the net asset value as at 5 April 2026 and therefore there is more potential for misstatement in this area.

We assessed Management's valuation methodology and considered whether it was in accordance with the accounting policies of the Foundation, applicable accounting standards and industry practice. Wittington's principal asset is a majority holding (59.6%) in Associated British Foods plc. Therefore, the value of the Foundation's investment in Wittington is driven predominantly by the Associated British Foods plc share price as at 5 April 2026. As the shares are listed on the London Stock Exchange, the value of this holding can be determined easily.

Other audit procedures performed included: review of the financial statement disclosures to underlying supporting documentation to assess compliance with relevant laws and regulations, review of minutes of meetings held by those charged with governance, enquiries of management and testing of journals and evaluating whether there was evidence of bias by the Trustees that represented a risk of material misstatement due to fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

Use of our report

This report is made solely to the charity's Trustees, as a body, in accordance with Chapter 3 of Part 8 of the Charities Act 2011 and regulations made under section 154 of that Act. Our audit work has been undertaken so that we might state to the charity's Trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements for the year ended 5 April 2026

1 Accounting policies

The financial statements have been prepared in accordance with applicable UK accounting standards (UK Generally Accepted Accounting Practice), including Financial Reporting Standard 102 (September 2022) 'The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland' (FRS 102). In particular, they comply with the Charities Act 2011 and the Statement of Recommended Practice 'Accounting and Reporting by Charities' (the SORP).

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Report) Regulations 2008 only to the extent required to provide a 'true and fair' view. This departure has involved following the Charities SORP (FRS 102).

Garfield Weston Foundation (the Foundation) constitutes a public benefit entity as defined by FRS 102. The financial statements are prepared on the historical cost basis except that certain financial instruments are stated at fair value.

The financial statements have been prepared in sterling, which is the functional currency of the Foundation. Monetary amounts in these financial statements are rounded to £'000s.

The particular accounting policies adopted by the Trustees are described below:

a Going concern

After making enquiries, the Trustees have a reasonable expectation that the Foundation has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the consolidated financial statements.

Having reviewed the best estimate of future cash flows to October 2027, and having applied reverse stress tests, the possibility that the financial headroom could be exhausted is considered to be extremely remote. The Trustees understand the risks, sensitivities and judgements included in the cash flow forecast and have a high degree of confidence in these cash flows. There is substantial financial headroom between this cash flow forecast and the cash on hand and funding available to the Foundation over the period.

b Fund structure

Permanent endowment
The permanent endowment funds comprise the original capital fund, and gains thereto, established to provide income for grant payments in accordance with the objectives of the Foundation. The capital may not be converted into income. The funds are represented by the unquoted investments included in fixed assets. Unrealised gains on revaluation of these investments are credited to the funds.

Unrestricted expendable capital
In accordance with the authority given to the Trustees under an Order of the Charity Commission dated 19 September 2001, £65,747,000 was transferred to an expendable capital fund in relation to which income and capital are distributable at the discretion of the Trustees. Capital in this fund is invested with investment managers in balanced portfolios on a discretionary total return basis. Income and investment gains and losses are taken to this fund and the amount allocated to income by the Trustees of £3,197,218

(2025: £1,873,047) is shown as a transfer to the income fund. The transfer includes an amount of £1,529,208 (2025: nil) to correct a previous misallocation of reserves that was not material for restatement.

Unrestricted income funds
The income of the Foundation is expendable at the discretion of the Trustees in furtherance of the objects of the Foundation. Gains on investments held in the income funds are credited to these funds.

c Critical accounting estimates and judgements

In the application of the Foundation's accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Investment valuation
The Foundation's financial investments are stated at market value. Financial investments comprise both quoted and unquoted investments and are initially measured at transaction price, excluding transaction costs, and are subsequently measured at fair value at each reporting date. Changes in fair value are recognised in net income/(expenditure) for the year. Transaction costs are expensed as incurred. Valuations are obtained from investment managers. The Trustees do not believe that there is any inherent uncertainty in the presentation of these amounts, and that in their judgement, market value and fair value may be regarded as identical for the purposes of these accounts.

Social investments are investments made directly in pursuit of the Foundation's charitable purposes and are stated at the amount invested less impairment.

d Incoming resources

Dividends are included when received. Interest receivable on fixed interest securities and bank deposits is included on an accruals basis. All incoming resources are recognised once the charity has entitlement to the resources, it is probable that the resources will be received, and the monetary value of incoming resources can be measured with sufficient reliability.

e Resources expended and irrecoverable VAT

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Grants awarded are charged in the year when formally awarded by the Trustees and communicated to the recipient irrespective of the period covered by the donation as they are regarded by the Trustees as financial obligations.

Irrecoverable VAT is charged against the category of resources expended, for which it was incurred.

f Allocation of overhead and support costs

Overhead and support costs are allocated first between charitable activity and governance. Overhead and support costs relating to charitable activities have been apportioned based on the value of individual grant awards made as it is considered that more is spent awarding, monitoring and assessing grants of greater value. The allocation of overhead and support costs is analysed in note 5.

g Costs of generating funds

The costs of generating funds consist of investment management fees and commissions.

h Charitable activities

Costs of charitable activities include grants made and an apportionment of overhead and support costs as shown in notes 3 and 4.

i Governance costs

Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to statutory audit and legal fees together with an apportionment of overhead and support costs.

j Interest in Wittington Investments Limited

At 5 April 2026 the Foundation owned 79.2% (2025: 79.2%) of Wittington Investments Limited (Wittington), a company registered in England. Wittington is the ultimate holding company of Associated British Foods plc (ABF), and a wide range of investments including Fortnum & Mason plc and Heal's plc, one hotel, a real estate portfolio and significant financial investments. ABF is listed on the London Stock Exchange. The Foundation receives its income from Wittington Investments Limited by way of dividends and records its investment in that company at the Trustees' valuation.

As the activities of Wittington and its subsidiaries are fundamentally different from the activities of the Foundation, consolidated accounts have not been prepared as the Trustees are of the opinion that the adopted policy gives a true and fair view of the Foundation's assets and sources of income. Details of the value of the Foundation's interest in Wittington and its subsidiaries are shown in note 9 to these accounts. The Trustees have agreed this policy of not consolidating the assets and liabilities of Wittington and its subsidiaries with the Charity Commission.

k Investments

Non-current and current financial investments are stated at market value as at the balance sheet date and include cash held for future investments. The statement of financial activities includes the net gains and losses arising on revaluation and disposals throughout the year. Certain bonds are classified as current investments as they are expected to be realised within 12 months of the reporting date.

Social investments are investments made directly in pursuit of the Foundation's charitable purposes and are stated at the amount invested less impairment.

l **Realised gains and losses**

All gains and losses are taken to the statement of financial activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and opening market value. Unrealised gains and losses are calculated as the difference between the market value at the year end and opening market value. Realised and unrealised gains are not separated in the statement of financial activites.

m **Fund accounting**

Details of the nature and purpose of each fund are set out in note 12.

n **Financial instruments**

Financial assets and financial liabilities are shown in note 8 to these accounts and are recognised when the Foundation becomes a party to the contractual provisions of the instrument.

Financial assets which qualify as basic financial instruments, including trade and other receivables and cash, are subsequently valued at amortised cost and assessed for impairment at the end of each reporting period.

Other financial assets, including investments, are subsequently valued at fair value.

Financial liabilities are classified according to the substance of the contractual arrangements entered into. All financial assets and liabilities are initially measured at transaction price including transaction costs, except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets are derecognised only when either the contractual rights to the cash flows from the financial asset expire or are settled or all of the risks and rewards of ownership of the financial asset are substantially transferred to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Financial investments are stated at market value at the balance sheet date. The market values of the managed portfolios are advised by the portfolio managers. The statement of financial activities includes the net gains and losses arising in revaluation and disposals through the year.

- **Quoted investments** comprise publicly quoted, listed securities including shares, bonds and units. Quoted investments are stated at fair value at the balance sheet date.
- **Unquoted investments** are valued at the Trustees' best estimate of fair value as explained in note 9.

Social investments are investments made directly in pursuit of the Foundation's charitable purposes and are stated at the amount invested less impairment.

b) Other income – social investments

	2026 £'000	2025 £'000
Social investments (non-cash)	-	10,000

In the prior year, a payment previously treated as a grant payment has been reclassified as a social investment following an agreement with the recipient.

3 Grant-making activities

	2026 £'000	2025 £'000
Grants awarded and associated costs (note 4)	154,279	130,533

The list of individual grants made during the year is set out in note 16 and grants paid during the year are summarised by category in note 11. Significant aspects of the grant activity during the year are described on pages 12 to 27 of the Trustees' report.

4 Analysis of charitable expenditure

The charity undertook no direct charitable activities but awarded grants to a number of institutions in furtherance of its charitable activities. As a consequence of supporting charitable organisations, the Foundation achieves public benefit. The Foundation's grant policy is to accept only appeals from UK registered charities. Registration provides an element of assurance of public benefit, although for charities registered before the implementation of the Charities Act 2006 the public benefit was a presumption.

	Grant funded activity £'000	Support costs £'000	Governance costs £'000	2026 Total £'000	2025 Total £'000

5 Allocation of support costs and overheads

	Governance costs £'000	Grant-making activity £'000	Total 2026 £'000	Total 2025 £'000	Basis of Apportionment
Legal & professional fee costs	145	-	145	114	N/A
Staff costs	163	653	816	984	Staff time
Other costs	326	1,530	1,856	1,350	Staff time
	634	2,183	2,817	2,448	

The costs relating to grant-making activity represent costs incurred in assessing applications, administration of the grants awarded and post grant monitoring.

The Foundation does not employ any staff. Staff costs comprise charges of £815,726 (2025: £983,626) from Wittington in respect of the work undertaken by its employees for the Foundation.

Included within other support costs and overheads are amounts relating to accountancy of £82,011 (2025: £68,527), computing and IT costs of £419,268 (2025: £334,698) and accommodation costs of £892,032 (2025: £472,988).

Nine (2025: 9) Trustees received expenses totalling £4,398 (2025: £16,907) relating to travel and subsistence.

The total support cost attributable to charitable activities is then apportioned pro rata to the value of grants awarded in the year as set out in note 4.

Allocation of support costs and overheads – comparatives for the year ended 5 April 2025

	Governance costs £'000	Grant-making activity £'000	Total 2025 £'000	Total 2024 £'000	Basis of Apportionment
Legal & professional fee costs	114	-	114	27	N/A
Staff costs	197	787	984	819	Staff time
Other costs	291	1,059	1,350	1,533	Staff time
	602	1,846	2,448	2,379	

6 Analysis of governance costs

	2026 £'000	2025 £'000
Auditors' remuneration – audit services	33	31
Staff costs	163	197
Other support costs	438	374
	634	602

The governance costs comprise costs of running the Foundation and planning for future developments, including audit fees and costs of complying with constitutional and statutory requirements, such as Trustees' meetings and the preparation of accounts satisfying public accountability.

7 Trustees' remuneration

a Trustees' remuneration

No remuneration was paid to the Trustees for their services to the Foundation.

b Directors' remuneration

As stated in notes 1(j) and 9, the Foundation owns 79.2% of Wittington which in turn holds 59.6% of ABF and 100% of Fortnum & Mason plc plus a number of other wholly owned subsidiaries.

Three of the Trustees, Guy Weston, George Weston and Anna Catrina Hobhouse are directors of Wittington. Of these three Guy Weston and Anna Catrina Hobhouse received remuneration from Wittington Investments Limited.

George Weston is Group Chief Executive Director of ABF and received remuneration from the company in that capacity. Anna Catrina Hobhouse is a director of Fortnum & Mason plc, having resigned as chairperson in July 2025. She received remuneration from Wittington in both capacities.

Remuneration (comprising salary, fees, bonus and benefits) paid to Trustees in their capacity as directors of these companies, which is authorised by clause 13 of the Trust Deed, as set out in the most recently available accounts of the relevant companies, was as follows:

	Year ended 13 September 2025 £'000	Year ended 14 September 2024 £'000
Anna Catrina Hobhouse – as a non- executive director of Wittington Investments Limited	42	42
as a chairperson and director of Fortnum & Mason plc	179	173
Alannah Weston – as a non-executive director of Wittington Investments Limited	-	12
Guy H Weston – as a director of Wittington Investments Limited	472	454
George G Weston – as a director of Associated British Foods plc (note below)	3,662	5,747

Note: full details of George G Weston's remuneration, pension and options are set out in the Remuneration Report contained in the Annual Report and Accounts 2025 of Associated British Foods plc.

c Key management remuneration

Key management personnel's remuneration constituted the total aggregate amount of £423,904 (2025: £382,772).

d Related party transactions

As at 5 April 2026, the Foundation holds 683,073 shares (2025: 683,073) in Wittington representing 79.2% (2025: 79.2%) of the issued share capital and is therefore Wittington's ultimate controlling party. During the year, the Foundation received dividends of £187,162,000 (2025: £151,642,000) from Wittington. Wittington recharges staff costs in respect of the work undertaken by its employees for the Foundation, rent and other office expenses relating to the Foundation, all recharges were made at arm's length £2,026,590 (2025: £1,848,077). The British Museum and the Queen Elizabeth Scholarship Trust were awarded grants in 2026. The respective Trustees George Weston and Anna Catrina Hobhouse have related party interests in these charities but did not unduly influence the awarding of grants to them. There were no other related party transactions.

The managed funds are managed on a discretionary total return basis.

The charities property fund comprises units in the Savills Charities' Property Fund.

Unlisted investments

The unlisted investments comprise 683,073 50p ordinary shares (79.2%) of Wittington Investments Limited, an unquoted company, see note 1 (j).

The business of Wittington is the management of investments in a wide range of assets. As it is an unquoted company there is no readily identifiable market price for its shares. Accordingly, the value of the Foundation's investments has been assessed by the Trustees on the basis of the share of the value of the underlying net assets of Wittington attributable to the Foundation's holding.

At 5 April 2026, Wittington's principal asset is a holding of 59.6% (2025: 58.1%) of the issued ordinary capital of ABF which is listed on The London Stock Exchange. In assessing the value of the underlying net assets of Wittington, the value of its investment in ABF has been based on the closing price as at 5 April 2026.

In addition, Wittington holds a wide range of other assets managed in three different business segments:

- ***Luxury retail:*** comprising the 100% ownership of Fortnum & Mason and Heal's, two long established retailers.
- ***Real assets:*** investing in high-quality investment properties in the retail, office, distribution and hotel sectors across the UK. Wittington also takes strategic positions in selective development opportunities, alongside local partners or sector specialists.
- ***Financial investments:*** investing both directly and via externally managed funds in private equity, private debt and fixed income markets. Other investments are principally composed of liquid investments in short-dated investment grade bonds and listed equities

The most recent financial year end for Wittington was 13 September 2025. As such, aside from the investment in ABF, Wittington's remaining investments have been valued using net asset values in the 31 March 2026 management accounts, which are considered to be their fair values. At 5 April 2026, the fair value of Wittington including ABF is considered to be £10.88 billion and the Foundation's share of this (79.2%) is £8.62 billion.

The Trustees have no current intention of disposing of the interest in Wittington.

Unrestricted income fund	70,090	188,274	(154,425)	3,197	5,105	112,241
Total	8,802,766	191,080	(154,633)	-	12,819	8,852,032

Permanent endowment

The permanent endowment funds comprise the original capital fund, and gains thereto, established to provide income for grant payments in accordance with the objectives of the Foundation. The capital may not be converted into income. The funds are represented by the unquoted investments included in fixed assets. Unrealised gains on revaluation of these investments are credited to the funds.

Unrestricted expendable capital

In accordance with the authority given to the Trustees under an Order of the Charity Commission dated 19 September 2001, £65,747,000 was transferred to an expendable capital fund in relation to which income and capital are distributable at the discretion of the Trustees. Capital in this fund is invested with investment managers in balanced portfolios on a discretionary total return basis. Income and investment gains and losses are taken to this fund and the amount

allocated to income by the Trustees of £3,197,218 (2025: £1,873,047), is shown as a transfer to the income fund. The transfer includes an amount of £1,529,208 (2025: nil) to correct a previous misallocation of reserves that was not material for restatement.

Unrestricted income funds

The income of the Foundation is expendable at the discretion of the Trustees in furtherance of the objects of the Foundation. Gains on investments held in the income funds are credited to these funds.
